1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a home solar customer of Dominion Energy.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Dominion Energy should not be allowed to add more fees for those of us who have rooftop solar on our homes. We made an investment in our family, our home and our world by choosing a clean energy source on the already poor terms that they gave us. Increasing the fees will deter others from doing the same and hurt our return on investment. Dominion is forecasting 2021 earnings of \$3.70 - \$4.00 per share. They pay an annual dividend to shareholders of about \$2.52 per share. This company is making a substantial profit and should be doing the improvements to infrastructure using their own profits first, before passing those along to rate payers who are actively trying to make the world a better place. Don't take our money so that you can then turn around and write a check with that money to pay your own shareholders.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No
